OVERVIEW

UX designer with experience in automotive research and AI-enabled product concepts, turning field findings into practical recommendations and user-focused product decisions.

INTERNSHIP EXPERIENCE

UX Research Intern

Škoda Auto Volkswagen India

Mar 2026 – Jul 2026 | Pune, India

- Collaborated with partner agencies and cross-functional stakeholders to benchmark 7–8 competitor cars and survey 60+ participants across multiple locations, uncovering automotive UX pain points and cross-validating findings against secondary research.
- Compiled a research report with actionable recommendations; specific findings are confidential under NDA, but several were adopted into the team's process, and the company hired additional researchers after the internship to continue the work.

UI/UX Designer

CIY Crafts

Jan 2026 – Mar 2026 | Pune, India

- Redesigned the existing Makist website, restructuring visual hierarchy and applying cognitive-ergonomics principles to button placement and layout, and reworking core user flows to cut the number of steps needed to complete key actions.
- Created the brand guidelines and design system for Makist, ensuring visual consistency across desktop and mobile touchpoints, and delivered end-to-end UI screens.

HONOURS & VOLUNTEERING

Vice Chair

ACM SIGCHI Student Chapter (MITID)

Oct 2024 – Present | Pune, India

Education Initiative SV

HCIPAI (India HCI Conference 2026)

Jan 2025 – Feb 2026 | Pune, India

CERTIFICATIONS

- Google Prompting Essentials
- Designing for Tomorrow: AI-First Products (Workshop Certificate)
- Design Smarter With AI: Prompts, Interaction & Agents (Workshop Certificate)

SKILLS

UX Design · User Research · Usability Testing
Interaction Design · Journey Mapping
Wireframing · High-Fidelity Prototyping
Product Design · Design Systems
Visual Communication · Human-AI Interaction
Prompt Engineering · AI-Enabled Design Workflows

Tools

Figma · Adobe Creative Suite · Photoshop · Illustrator · Framer · VS Code · Xcode · Android Studio · Antigravity

EDUCATION

B.Des in User Experience Design

MIT Institute of Design, MIT-ADT University
2023 – 2027 | Pune, India
CGPA: 8.33

ACHIEVEMENTS

Samsung PRISM Hackathon 2026

1st place of 13 teams: designed Guardian Intelligence, an agentic AI system ensuring safe, developmentally positive screen time for children, validated through rapid UX prototyping.

Samsung PRISM Hackathon 2025

1st place: designed a multi-modal agentic AI travel planner, building the screens and demonstrating end-to-end integration of AI capabilities.
